

Circuit-breakers, fuses

Tested quality, approvals and shipping classifications represent the functionality and safety suitable for world markets with industrial miniature circuit-breakers. Besides a comprehensive range of residual current devices, LV h.b.c. fuse bases and fuse switch-disconnectors is provided.

FAZ miniature circuit-breakers

Height 80 mm only +++ Installation and removal without disassembly of the rails +++ Double comfort terminal lift/claw +++ Terminal with rear plug protection → Page 19/4

Digital residual current device

Preventive information +++ Warning before tripping +++ Integrated auxiliary contact +++ Display for earth-fault release → Page 19/21

Fuse base

Integrated terminal covers +++ Double terminals → Page 19/42

Cylindrical fuse switch-disconnectors

With flash function on tripped fuse +++ can be sealed → Page 19/45

Fuse switch-disconnectors (empty) C10-FD

Cord protection for photovoltaic generator +++ Trip indicator signals tripped fuse link: 50 – 400 V: blinking, 400 – 1000 V: continuous light +++ Nominal current voltage 1000 V DC +++ For cylindrical fuse inserts in photovoltaic applications +++ Sealable → Page 19/48

System overview
